Cutimed® Sorbact®

The perfect combination of safety and efficiency.

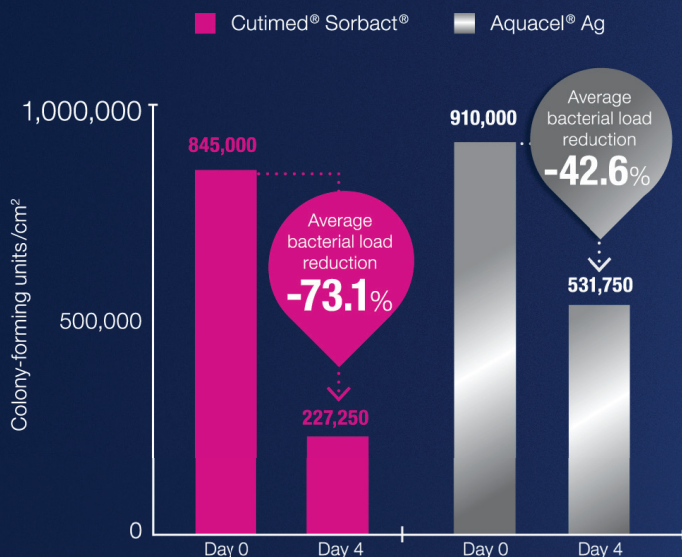

Cutimed® Sorbact® helps prevent and manage chronic wounds utilizing a purely physical mode of action. Its innovative properties help to absorb quicker and better manage infection. It is a successful treatment for difficult and complex wounds as it helps bind* pathogenic bacteria for removal with every change.

*through hydrophobic interaction

Infection Management with Cutimed® Sorbact®

In a randomized, comparative, single site study of 40 patients with leg ulcers, Cutimed® Sorbact® was more effective at reducing bioburden than Aquacel® Ag. 1

Safe

Binds bacteria and fungi

Clinically Effective

Demonstrated ability to significantly reduce bacterial burden in critically colonized wounds^{1,*}

1 Mosti et al. Comparative study of two antimicrobial dressings in infected leg ulcers: a pilot study. J Wound Care. 2015 Mar;24(3):121-2; 124-7

* Cutimed® Sorbact® delivered a better bacterial reduction than Aquacel Ag in chronic leg ulcers
