Essity, Your Partner in Health and Hygiene

At Essity, our family of brands are dedicated to individuals' health and well-being. With innovative solutions in wound care, orthopedics, compression, and continence management, our brands are leaders in health and hygiene, and together – We Are Essity.

Our leading brands and complete therapeutic offering coupled with our expertise, global coverage and strong presence across all channels allows us to better support our customers with improved care outcomes and a more complete value proposition.

Advanced and Skin Sensitive Wound Care Solutions for Effective Wound Management

Essity offers an extensive range of advanced wound care solutions with antimicrobial properties as well as skin sensitive solutions that effectively manage wound infections.

Cutimed®, an Essity brand, offers effective wound management solutions for all stages of healing including Wound, Infection, Exudate and Tissue Management. Our range of products provide a holistic solution to improve healing and care outcomes.

Hydrofera Blue®, an Essity brand, is a unique line of antibacterial, non-cytotoxic and versatile dressings designed to shorten healing times and tackle all types of wounds. Hydrofera Blue® is effective against various bacteria and yeasts.

Leukoplast®, an Essity brand, offers optimum solutions in each of the three wound care pillars: cleansing & absorption, protecting & securing, and wound dressings especially for sensitive skin. These atraumatic wound dressings help avoid unnecessary injuries, pain and infection for better skin outcomes.

Integrated Therapy Solutions for Compression Therapy and Fracture Management

Essity continues to develop a unique and holistic network of integrated therapy solutions for compression therapy and fracture management to meet unique needs and lifestyles.

JOBST®, an Essity brand, provides compression therapy solutions to combat lipedema, lymphedema and venous conditions, specifically designed to meet individual needs. JOBST® offers a comprehensive range of products for all gradient compressions and all lifestyles providing both comfort and durability for long-term use.

Delta-Cast®, an Essity brand, is the global leader in casting and splinting; providing the right casting solutions and optimal care to heal orthopedic trauma. With a comprehensive and innovative portfolio to treat broken bones or injured ligaments, Delta-Cast is the trusted partner. Delta-Cast solutions are water-resistant and waterproof, breathable and maximize patient comfort.

Actimove®, an Essity brand, offers a broad portfolio of medically engineered braces and supports to compliment individuals' needs, activity level and lifestyle. Actimove® solutions for strains, sprains or fractures provide pain relief and provide the support needed to help deliver an optimal outcome.

Trusted Partner in Continence Care

TENA®, an **Essity brand**, trusted by healthcare professionals worldwide for leading Continence Care solutions that ensure dignity, comfort and better patient outcomes.

As the global leader in Continence Care, TENA® offers superior sustainable solutions that help manage urinary incontinence, leakage and bladder weakness day and night.

Our wide range of innovative products, programs and care routines are tailored to individual needs for an improved quality of life.

TENA® is dedicated to empowering healthcare professionals to provide the best possible care.
