JOBST® INNOVATIONS

Essity Canada Inc. connects its broad portfolio in Wound, Vascular Management, Lymphology and non-invasive Orthopedics with strong technological competencies to meet the market's need for reduced complexity and more efficient treatments. With a continuously developing unique and holistic network of integrated therapy solutions, Essity consistently supports a continuum of care.

JOBST® SOFTFIT™ - TRUE GRADIENT COMPRESSION

Garments that have the unique JOBST SoftFit technology have a fine silicone yarn knitted into the top band that keeps the stockings in place without digging into the patient's skin. So your patients can be **empowered to confidently and comfortably jump into the joy of life** without worrying that the garments are sliding down.

3D Knitting

3D KNITTING - LIKE A SECOND SKIN

The 3D knitting technology reproduces each body shape accurately and has revolutionized the market with compression garments of uncompromising quality and an anatomical fit that feels **like a second skin**.

JOBST® SENSITIVE - MORE COMFORTABLE SILICONE BAND

JOBST® has enhanced its high quality thigh high garments with a **more comfortable silicone** band with yarns that are woven into the welt fabric, not coated onto the material. This allows for even distribution of friction, soft grip on the skin, less trapped moisture which leads to a reduced risk for red marks and irritated skin.

DRI-RELEASE® - DRY, COOL AND COMFORTABLE FEET

Moisture management to help keep feet **dry, cool and comfortable**.

CONTOUR FIT

Unlike traditional flat-knit technology, Contour Fit works by adapting the fit of the garment at four positions on the limb (instead of one) to create a garment that truly contours the unique form of an individual's body.

ENHANCE YOUR ONLINE PRESENCE

DEFY GRAVITY

WITH THE JOBST® DIGITAL ASSET GUIDE

The **JOBST Digital Asset Guide** helps you get products to market faster with rich, engaging, and up-to-date content, so you can focus on selling and improving product discovery across all your online channels.

QUICK & EASY ACCESS:

Upload JOBST products to your website fast with high-quality, engaging content.

SELF-SERVICE CATALOGUE:

Select only the products you need and customize downloads to fit your site's specific needs.

FLEXIBLE IMAGE DOWNLOADS:

Choose between zip files, Excel exports with image links, or download individual images directly from the product page.

ALWAYS UP TO DATE:

Stay aligned with the latest product launches through real-time content updates.

MARKETING-READY ASSETS:

Leverage marketing imagery and content synced with current JOBST campaigns to enhance your online strategy.

COMPRIFOAM® FOAM BANDAGE

CompriFoam® open cell foam bandage is designed to evenly distribute the pressure from compression bandages over extremities, thus preventing constrictions and supporting an effective compression therapy.

INDICATIONS

- For even pressure distribution and padding under compression bandages

FEATURES AND BENEFITS

- Reusable
- Air and vapour permeable material designed for skin friendliness

Dimensions	Code	Box Contents	Selling Unit
10 cm x 2.5 m x 0.4 cm	7529400	1 roll	Box
12 cm x 2.5 m x 0.4 cm	7529500	1 roll	Box

COMPRILAN® SHORT STRETCH COMPRESSION BANDAGE

Unlike long stretch bandages, Comprilan® short stretch provides high working pressure and low resting pressure. It enables for cost-effective treatment with easy reapplication.

INDICATIONS

- Venous ulcers
- Venous edema
- Lymphedema
- Thrombophlebitis
- Post sclerotherapy

FEATURES AND BENEFITS

- Cost-effective when frequent dressing changes required (washable and reusable up to 10 times)

Dimensions	Code	Box Contents	Selling Unit
4 cm x 5 m	7718700	1 roll	Box
6 cm x 5 m	0102600	1 roll	Box
8 cm x 5 m	0102700	1 roll	Box

10 cm x 10 m	7718800	1 roll	Box
12 cm x 10 m	7718900	1 roll	Box

JOBST® COMPRI2

2-LAYER BANDAGE SYSTEM

JOBST® Compri2, a 2-layer short stretch compression system, addresses the two key elements required to ensure successful compression therapy: correct compression level easily applied and continuous patient adherence.

INDICATIONS

- Venous leg ulcers
- Lymphedema

FEATURES AND BENEFITS

- Provides sustained graduated compression of at least 40 mmHg (JOBST® Compri2) or a reduced average pressure of 30 mmHg (JOBST® Compri2 Lite) for up to 7 days*
- Easy to apply with 2-way stretch padding and compression indicators
- Corrective application possible
- Comfortable padding
- Thin system
- Online support (application videos, micro-site for patients and professionals)

ELASTOMULL®

ELASTIC GAUZE BANDAGE

Elastomull® offers a precision fit, even in areas where there is constant movement such as the fingers, toes, elbow or knee.

INDICATIONS

- Fixation of dressings

FEATURES AND BENEFITS

- High density fabric for a soft, rich texture
- Performance and stretchability to help control edema
- Precision fit in areas with constant movement
- Helps prevent slippage once bandage is in place
- Not made with natural rubber latex

Dimensions	Code	Box Contents	Selling Unit
4 cm x 4 m	2099	20 rolls	Box
6 cm x 4 m	2100	20 rolls	Box
8 cm x 4 m	2101	20 rolls	Box

12 cm x 4 m	2103	20 rolls	Box

*Targeted nominal compression for an average ankle size.

GELOCAST®

THE ORIGINAL UNNA'S BOOT

INDICATIONS

- Venous leg ulcers
- Lymphedema

FEATURES AND BENEFITS

- Provides high working pressure and lower resting pressure
- Uniformly impregnated
- Gelocast is designed for easy application & removal

Dimensions	Code	Box Contents	Selling Unit
7.5 cm x 9 m	105200	1 roll	Box
10 cm x 9 m	105300	1 roll	Box

TRICOFIX®

LIGHTWEIGHT STOCKINETTE

Tricofix® protects skin surface under compression, zinc gel or adhesive bandages. Useful as skin protection as a lining for lymphedema wrapping.

INDICATIONS

- Provide light support or compression, fixation or protection

FEATURES AND BENEFITS

- 100% cotton for comfort
- Skin protection under adhesive and supportive bandages
- Provides extra protection when frequent changes of bandages are required
- Both lengthwise and crosswise stretch for quick, easy application
- Light support in the treatment of minor soft tissue and joint injuries
- Not made with natural rubber latex

BELLISSE®

BELLISSE® SIZE & MEASUREMENT INFORMATION

- Designed to facilitate drainage of excess lymphatic fluid in the chest, breast, lateral chest and upper back areas following breast cancer and other chest or truncal surgeries; with or without radiation to functional pathways.
- Can be used for other chest and trunk related lymphatic conditions and fibrosis.
- Addresses the specific needs of women's bodies.
- Unobtrusive nature allows for sustainable and effective treatment of chest wall edema and fibrosis.
- Is not a mastectomy bra.
- 7-10 mmHg

LANDMARK CHART

Enter Band Measurements Here

Step 2

Step 1a

Step 1b

Difference	Cup Size
5 cm or less	A/B
5 cm - 10cm	C/D
10 cm - 15 cm	DD/E
If more than 15 cm go up one band size.	

Bellisse Size:

Step 1: Determine the band size:

- Measure circumferentially below the bust where a regular bra sits.
- Drop the tape 5 cm - 7.5 cm and measure around the bottom of the rib cage.
- Use the larger of the two rib cage measurements as the band size. Round odd numbers up.

Step 2: Determine the cup size:

- Measure circumferentially around the fullest part of the bust.
- Subtract the larger ribcage measurement from the bust measurement to determine cup size.

SIZE CHART - BREAST & CHEST WALL PADS

Size	Cup Size	Rib Cage Circumference
Small	A/B Cup	81.3 - 91.4cm (32" - 36")
Medium	C Cup	96.5 - 101.6cm (38" - 40")
Large	D/DD Cup	106.7 - 111.8cm (42" - 44")
X-Large	E Cup	116.8 - 127cm (46" - 50")

JOBST® JOVIPAK®

PROVIDE EXCELLENT THERAPY SOLUTIONS FOR EDEMA

- Used in the management of edema and lymphedema, and as complimentary devices in wound care, post-surgical procedures and sports therapy
- Easy-to-use alternatives to nighttime compression bandaging, as well as rehabilitation for injuries
- Foam filled garments provide pressure into the tissue and, with the recommended JoViJacket, provide additional compression for optimal benefits

TOTAL BODY SOLUTIONS

- Available in **Ready-to-Wear** or **Custom made garments** for **any part of the body**, in **any size** and with an array of **option** choices
- The outer JOBST® JoViJacket is included with leg and arm garments (both Ready-to-Wear and Custom). Both components together are designed to provide approximately 20-30 mmHg compression

ACCESSORIES

JOBST® STOCKING DONNER

This product is ideal for patients with arthritis and limited bending motion. Use with closed, as well as open toe compression stockings.

Description	Code	Box Contents
JOBST® Stocking Donner	110913	1 each

DYCEM® NON-SLIP MATERIAL

- Improves grip
- The increased friction of the anti-slip material provides hold and resistance when donning a garment.
- Non-slip surface for easier donning

Description	Code	Box Contents
Dycem® Non-Slip Material	7763610	1 unit

JOBST® DONNING GLOVES*

JOBST® gloves create friction and provide grip to help donning and positioning the fabric evenly on the leg or the arm.

JOBST® ROLL-ON ADHESIVE

JOBST® Roll-On Adhesive is a water soluble adhesive lotion for securing medical compression garments to arms and legs.

- Skin-friendly
- Dermatologically tested
- Contains no dyes or perfumes
- Suitable for daily use
- Can be removed without leaving any residue
- Leaves no stains
- Sticks securely and does not pull
- Vegan, does not contain any animal products or animal-derived ingredients

Description	Code	Box Contents
JOBST® Roll-On Adhesive Single	7927410	1 each
JOBST® Roll-On Adhesive Case	7927411	12

ARION APPLICATION AIDS

Arion products are made from very smooth material, treated with a special coating, which together with double-layer product design create an extremely smooth gliding product, thus significantly minimizing the friction between the compression garment and skin.

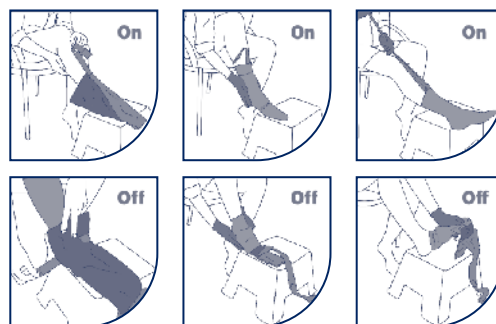

For putting ON and taking OFF compression garments

ARION MAGNIDE® 2IN1

- For putting on and taking off closed toe compression stockings and tights
- All-in-one product
- User-friendly donning mechanism using own body weight

GENERAL TERMS AND CONDITIONS 2025

A - TERMS

Net 30 days, from invoice date upon approval of credit application by Essity Canada Inc.

B - PRICES AND TAXES

Prices appearing in the published Canadian price lists do not include any taxes; these will be added at the time of invoicing where applicable. Prices and information contained in any Essity Canada Inc. price lists are subject to change without notice.

C - ORDERS

Our Customer Service can receive orders 24 hours per day through our voice message service:

Telephone: 1-877-978-5526

By Fax: 1-877-978-9703

or electronically by email at: ca.customerservice@essity.com.

Customer service hours are Monday through Friday: 8h30 - 17h00 EST.

D - DELIVERY DATES

Essity Canada Inc. will endeavor to respect any specified delivery date or delay. However, delivery dates are not guaranteed. Essity Canada Inc. will not be in any way responsible for any indemnity, penalty, damages, diminution of price nor will the sales contract be susceptible to modification, revision or cancellation because of any delay or failure in the delivery of any product sold or any part thereof.

E - TRANSPORTATION

Essity Canada Inc. will select the carrier based on a combination of service quality and cost. If the Customer wishes to select a specific transporter, the shipment will be sent collect.

F - MINIMUM ORDER

- Shipping/handling charges will be at Essity Canada Inc. expense on orders totaling \$250.00 and over. Any assortment of products listed within any current Essity Canada Inc. Canadian price list can be included to make up the order total value. For orders less than \$250.00, there will be a \$30.00 shipping/handling charge added to your invoice.
- EXCEPTIONS: (1) for orders less than \$250.00 comprised of JOBST® compression Ready-to-Wear and Actimove® products only, a \$15.00 shipping/handling charge will be added to your invoice; (2) unless stipulated on a contract.
- For all Custom-made products there is as \$12.50 shipping and handling fee.

G - GOODS LOST IN TRANSIT

Claims for non-delivery must be submitted to Essity Canada Inc. within thirty (30) days from date of invoice.

H - DAMAGED GOODS OR SHORTAGE

- The carrier's delivery slip should be signed accordingly, indicating damage or shortage.
- Essity Canada Inc. must be notified within 24 hours of receipt of merchandise to arrange for inspection of damaged goods. Damaged goods must be retained by the Customer for this purpose.
- Following inspection, damaged goods must be returned to Essity Canada Inc. who will advise which carrier to use for this purpose. A credit will then be issued.
- Failure to comply with these requirements could result in Essity Canada Inc. not assuming any liability for the resultant losses.

I - RETURN POLICY (please see Custom Terms and Conditions)

In all cases, customers wishing to return merchandise must obtain a Return Authorization (RA) number from Essity Canada Inc. by contacting the Customer Service at 1-877-978-5526. Products returned without authorization will not be credited.

- Goods returned due to a possible manufacturing defect must be reported within 30 days from date of invoice. If reported after the 30-day delay, a proof of purchase may be required.
- Goods returned due to a Essity Canada Inc. error will be fully credited. Essity Canada Inc. must be notified within 30 days from date of invoice.
- Goods returned due to a customer error, customer overstock/inventory "surplus" or slow moving, will be subject to a restocking charge up to 15% and must be returned within 90 days from date of invoice. Credit will be issued subject to a restocking charge up to 15%. If a replacement order greater than the value of the return is placed at the time of the return, the restocking charge will be void.
- All returns must be in original Essity Canada Inc. unit of measure and in saleable condition. No partial units of measure will be accepted for return.
- The following will not be accepted for return: expired goods, obsolete or otherwise non-saleable merchandise, items showing visible sign of wear, merchandise not in standard Essity Canada Inc. packaging or purchased through anyone other than Essity Canada Inc.
- Credit will be issued only after the merchandise has been received and determined to be in saleable condition.

SHIPPING INSTRUCTIONS FOR RETURNS

All authorized returns will be freight prepaid by Essity Canada Inc. and shipped back to the Essity Canada Inc. Distribution Center:

Essity Canada Inc.
c/o UPS-SCS (Warehouse)
4150-B1 Mainway
Burlington, ON
Canada L7L 0A6

The Return Authorization (RA) number must be clearly identified on the outside of the parcel. Essity Canada Inc. will indicate preference of carrier when issuing authorization.

CUSTOM TERMS AND CONDITIONS

USE OF PATIENT MEASUREMENTS

If a patient changes his/her medical supply provider and requires a new custom-made compression garment, they are allowed to request a release of their measurements for use at a different facility if necessary. If the patient has current measurements prior to changing facilities, Essity Canada Inc. will process the order at the discretion of the new fitter. Any custom-made garment ordered, using the measurements of a prior fitter, cannot be guaranteed for fit. If this compression garment does not fit, the new fitter must re-measure and order a new garment for his/her patient. It is the suggestion of Essity Canada Inc. that all patients be re-measured subsequent to changing medical supply providers.

RETURN POLICY

JOBST® Elvarex®, JOBST® Confidence, JOBST® Elvarex® Soft, JOBST® Elvarex® Plus, JOBST® Relax, JOBST® Custom Seamless Soft, and JOBST® Bellavar® garments must be returned for replacement due to manufacturing defect or material flaws. In addition, two free of charge replacements will be allotted within 45 days of confirmed delivery of parcel carrier for reasons other than manufacturing or material flaws such as adjustments to measurements, any changes to options or styles and changes in compression. This applies to the first and second replacements of the initial order only. For each additional replacement for changes to the garment, a full price fee will apply. It is only required to return a garment if there is a defect, complaint or problem that has been alleged. If defects are not being alleged to the product and the return is being made based on other factors, then it may not be necessary to return the garment back. Essity Canada Inc. reserves the right to amend this policy as it deems appropriate and at any time.

CUSTOM TERMS AND CONDITIONS (CONTINUED)

JOBST® Custom Seamed, JOBST® FarrowWrap®, and JOBST® JoViPak® garments must be returned for replacement due to manufacturing defect or material flaws. In addition, one free of charge replacement will be allotted within 45 days of confirmation delivery of parcel carrier for reasons other than manufacturing or material flaws such as adjustments to measurements, any changes to options or styles and changes in compression. This applies to the first replacement of the initial order only. For each additional replacement for changes to the garment, a full price fee will apply. It is only required to return a garment if there is a defect, complaint or problem that has been alleged. If defects are not being alleged to the product and the return is being made based on other factors, then it may not be necessary to return the garment back. Essity Canada Inc. reserves the right to amend this policy as it deems appropriate and at any time.

MANUFACTURING WARRANTY POLICY

JOBST® Custom Seamed products, JOBST® JoViPak® JoViJackets, JOBST® PitPaks and JOBST® JoViPads have a **3 month manufacturing defect warranty**. If a manufacturing defect is present, Essity Canada Inc. reserves the right to insist on a full evaluation of the garment to confirm that a defect is present before replacing the product or issuing credit for the initial purchase.

JOBST® Elvarex®, JOBST® Elvarex® Soft, JOBST® Confidence, JOBST® Custom Seamless Soft, JOBST® Bellavar®, JOBST® FarrowWrap®, JOBST® Relax, and Bellisse® products have a **six month manufacturing defect warranty**. If a manufacturing defect is present, Essity Canada Inc. reserves the right to insist on a full evaluation of the garment to confirm that a defect is present before replacing the product or issuing credit for the initial purchase.

JOBST® JoViPak® products made with Polartec® Power Dry® have a **one year manufacturing defect warranty**. This warranty for all JOBST® custom products does not cover the garments for normal “wear and tear”, abnormal care and use, where it can be shown that donning instructions have not been followed correctly, or when there has been an error in completing the appropriate order form(s). Essity Canada Inc. will not offer full credit for custom compression garments that are returned, however, if a JOBST® garment should be returned for another JOBST® brand of custom-made garments, then a credit will be considered for the original garment amount when the order for the new brand selection is processed.

A Return Authorization is required for all custom compression returns.

No credit will be given for orders that are returned outside of the manufacturing warranty period.

ALTERATIONS & REPAIRS

Essity Canada Inc. also offers a limited amount of alterations that can be done to existing JOBST® Elvarex®, Elvarex Soft®, JOBST® Confidence, Custom Seamless Soft, Bellavar®, Custom Seamed, FarrowWrap® and JoViPak® garments. Consult with your customer service representative for alteration options that are available. Essity Canada Inc. will not alter or repair a garment if the cause is due to wear and tear. Additionally, the garment must be in “like new” condition to receive an alteration. Any chargeable options that are added to the existing garment will be invoiced accordingly. All JoViPak® Custom Garments are eligible for one free reduction alteration within the first year of ownership.

GENERAL ACKNOWLEDGEMENT

In the case of a warranty claim or question, please contact Essity Canada Inc. and ask to speak to a representative of the specific brand of garment in question for assistance and clarification.

LIMITATIONS OF WARRANTY

Warranty:

Essity Canada Inc. (Seller) warrants that the JOBST® brand custom-made products are manufactured and function in accordance with the Seller's ratings and specifications. All products are to be inspected fully by the Buyer and all obvious non-conformities reported to the Seller immediately. The Seller, upon being satisfied of the existence of such non-conformity for which it is liable, will correct the same by either servicing, replacement or credit. The foregoing shall be Buyer's sole and exclusive remedies. The warranties set forth apply to both original and replacement Products.

No Informal Warranties:

Any advice, information or suggestions given by Seller to Buyer in regard to the application or use of the Products are not warranties unless given in writing and designated specifically by Seller as warranties.

Statements made in Seller's general advertising or printed materials do not constitute warranties. Samples are not warranted as conforming to Seller's ratings and specifications, nor is any warranty made that Products conform to any sample, unless Seller specifically so warrants in writing. Seller makes no warranty that any Product delivered under this Contract is identical in nature or quality to any Product previously sold or delivered to Buyer.

Warranty Exclusions:

THE FOREGOING WARRANTIES SHALL BE IN LIEU OF ALL OTHER WARRANTIES AND THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PURPOSE AND OTHERWISE, EXPRESS OR IMPLIED, ARE EXCLUDED.

Return or Destruction:

No products shall be returned or destroyed without Seller's prior consent.

RETURNING GARMENTS

Essity Canada Inc. requires a Return Authorization before returning any custom-made compression garment. This authorization may be obtained by contacting Customer Service at (877) 978-5526.

NOTE: Custom product Return Authorizations are valid for 45 days. After 45 days, the original Return Authorization will be void. The Return Authorization number must appear on the outside of the package for the product to be returned to the below address. All custom garments that are returned to Essity Canada Inc. must be laundered and in a sanitary condition in order to receive credit or replacement. Garments sent unlaundered will be returned to sender without inspection due to biohazard concerns and no credit or replacement will be issued in these instances.

Return Address for Custom-Made Products:

Essity Canada Inc.
1275 North Service Road West, Suite 800
Oakville, ON L6M 3G4
