TENA® Solutions

TENA® Solutions is a needs assessment that directly focuses on target areas such as resident specific care, personal hygiene, skin health and product selection with improved cost and use outcomes. The program consists of an in home management system that includes staff education, individualized resident focus on product selection to ensure optimal level of independence and a stocking and distribution system to ensure proper clinical outcomes and optimal cost and use.

TENA Portraits™

TENA Portraits

TENA Portraits" is a resident focused product selection tool that factors in the MDS assessment and resident and staff feedback to select the most appropriate incontinence product for each resident. This tool will allow you to properly select a product for each current and new resident that comes to your facility to ensure highest level of function. Additionally this will help with streamlining your ordering by allowing product selection to be easy.

TENA® QAPI

Recognizing the root cause of a performance issue and where to begin a QAPI project can be the most challenging part. With TENA® QAPI, our team will guide you through the process with a multidisciplinary approach to individualized resident care, while building communication between facility team members and the resident and family. TENA® QAPI delivers Performance Improvement Projects (PIPs) that focus on proper incontinence care and personal hygiene to allow each resident to live at their highest level of function by consistently delivering proactive care.

TENA® Education

For over 25 years, our dedicated Clinical Consulting Team has been providing customized service support to facilities and their care staff.

TENA® Briefs & Underwear Sizing Guide

To determine the accurate size, measure the waist or hips (whichever is larger) and follow the appropriate chart below.

You will generally find that women have larger hips while men have larger waists.

Product is too small if Hooks/tabs barely reach or attach to front side panel

Product is too big if Hooks/tabs meet or overlap on the front side panel.

Product fits just right if Hooks/tabs comfortably attach to front side panel.

^{*}versus comparable non-flushable wipes

^{**}It is recommended that all disposable washcloths are thrown away in the garbage. If disposing into a system connected to municipal sewer, only one wipe should be flushed at a time. Flushable in properly maintained, code-approved toilets and sewers. Not approved for septic use. Not all systems can accept flushable wipes. Do not flush if: RV or marine system; grease or fat disposal share drain pipe; any history of slow flow or clogs; system includes macerator toilet or household pump; advised by system operator; or unsure of system capability. If problems develop, stop use immediately. Failure to follow instructions may result in clogs and/or property damage.

TENA® Dry Washcloths

The multi-purpose, disposable TENA® Dry Washcloths are a soft, easy to use alternative to reusable washcloths. Embossed cloth-like material is ideal for incontinence care, bathing, or clean up tasks. Often used wet with TENA® Cleansing Cream to clean the perineal area.
