JOBST® INNOVATIONS

Essity US connects its broad portfolio in Wound / Vascular Management, Lymphology and non-invasive Orthopedics with strong technological competencies to meet the market's need for reduced complexity and more efficient treatments. With a continuously developing unique and holistic network of integrated therapy solutions, Essity consistently supports a continuum of care.

JOBST® SOFTFIT™ - TRUE GRADIENT COMPRESSION

Garments that have the unique JOBST SoftFit technology have a fine silicone yarn knitted into the top band that keeps the stockings in place without digging into the patient's skin. So your patients can be **empowered to confidently and comfortably jump into the joy of life** without worrying that the garments are sliding down.

3D Knitting

3D KNITTING - LIKE A SECOND SKIN

The 3D knitting technology reproduces each body shape accurately and has revolutionized the market with compression garments of uncompromising quality and an anatomical fit that feels **like a second skin**.

JOBST® SENSITIVE - MORE COMFORTABLE SILICONE BAND

JOBST® has enhanced its high quality thigh high garments with a **more comfortable silicone** band with yarns that are woven into the welt fabric, not coated onto the material. This allows for even distribution of friction, soft grip on the skin, less trapped moisture which leads to a reduced risk for red marks and irritated skin.

DRI-RELEASE® - DRY, COOL AND COMFORTABLE FEET

Moisture management to help keep feet **dry, cool and comfortable**.

C² EFFECT - ODOR AND MOISTURE CONTROL

The unique combination of cotton & carbon provide high wearing comfort. The premium quality cotton ensures a natural feeling to the skin thus increasing comfort. Carbon, in its ACTIVated form, supports **odor and moisture control**.

CONTOUR FIT

Unlike traditional flat-knit technology, Contour Fit works by adapting the fit of the garment at four positions on the limb (instead of one) to create a garment that truly contours the unique form of an individual's body.

Step 1b

Difference	Cup Size
5 cm or less	A/B
5 cm - 10cm	C/D
10 cm - 15 cm	DD/E

If more than 15 cm go up one band size.

Bellisse Size:

**Step 1: Determine the band size:**

- Measure circumferentially below the bust where a regular bra sits.
- Drop the tape 5 cm - 7.5 cm and measure around the bottom of the rib cage.
- Use the larger of the two rib cage measurements as the band size. Round odd numbers up.

Step 2: Determine the cup size:

- Measure circumferentially around the fullest part of the bust.
- Subtract the larger ribcage measurement from the bust measurement to determine cup size.

If Seller cannot correct such non-conformity by delivering replacement Product, Seller will return to Buyer the purchase price thereof. The foregoing shall be Buyer's sole and exclusive remedies, and the liability of Seller hereunder is expressly limited to replacement of nonconforming Products or the repayment of the purchase price, as the case may be. Upon the giving of prompt written notice to Buyer of any such delay or failure, Seller may, at its option, (i) terminate its performance of its obligation or (ii) extend the time of performance to the extent and for the period that its performance of said obligations is prevented by such cause.

14. Termination. Upon a material breach of any Contract by Buyer, in addition to any remedies that may be available under the Contract or at law, Seller reserves the right to suspend fulfillment of or terminate the Contract and any other outstanding contracts between the parties, with immediate effect, upon written notice to Buyer.

17. Compliance with Law. Buyer will comply with all applicable laws, regulations and ordinances. Buyer will maintain in effect all the licenses, permissions, authorizations, consents and permits that it needs to carry out its obligations under a Contract.

18. Reporting Compliance. Any discounts or rebates issued in accordance with the terms of any Contract constitute a discount, rebate or other reduction in price under 42 U.S.C. § 1320a-7b(b)(3) or 42 C.F.R. § 1001.952(h) ("Discounts"). Buyer acknowledges that acceptance of any Discounts under any Contract with Seller may necessitate certain reporting and disclosure requirements for Buyer in regard to the amount of such Discounts to federal and state health care programs as required by federal and state law.

19. Event Reporting. If any of the Products are medical devices, Buyer acknowledges that it is familiar with the Mandatory Device Reporting requirements at 21 C.F.R. § 803 (the "MDR") and the reporting obligations imposed on device users thereunder. Buyer agrees to notify Seller within 10 days of the occurrence of any event identified in the MDR imposing a reporting obligation on Buyer and/or Seller. Buyer shall also maintain adequate tracking of the Products to enable Seller to meet the U.S. Food & Drug Administration requirements applicable to the tracking of medical devices.

20. Data Security. Buyer shall fully comply with the data protection and privacy legislation in all countries Products are shipped to or used and shall ensure that its employees, agents, and representatives observe the provisions of that legislation. Buyer represents that it has developed and implemented, and covenants that it will maintain, effective information security policies and procedures that include administrative, technical and physical safeguards designed to (a) ensure the confidentiality, security, integrity and availability of any Confidential Information provided under this Contract; (b) protect against anticipated threats or hazards to the confidentiality, security, integrity and availability of such Confidential Information; (c) protect against unauthorized access to or use of such Confidential Information; and (d) ensure proper disposal of such Confidential Information. Buyer shall promptly notify Seller of any breach of Buyer's information security policies or procedures.

21. Non-disclosure of Pricing Information. Seller's Pricing Information (the "Pricing Information") is proprietary and confidential. Buyer agrees to treat the Pricing Information as proprietary and confidential and specifically not to disclose any Pricing Information to any entity or to any person not employed by the Buyer except per any required disclosure to a State or Federal agency.

22. Reimbursement Disclaimer. The Seller's Price List may include suggested codes that might be used to bill for Seller's products and related services. Each provider will have to verify the appropriate codes for each patient. It is the provider's sole responsibility to determine and submit appropriate codes, charges, and modifier for services rendered. Providers should contact insurers to verify correct coding procedures prior to submitting claims related to any product or device. Seller does not guarantee coverage or reimbursement with any suggested code that may be listed in the Seller's Price List. In all cases, providers will need to follow local payer policies for billing and reimbursement.

23. Severability. If any term or provision of a Contract is determined to be invalid, illegal or unenforceable in any court of competent jurisdiction, such invalidity, illegality or unenforceability will not affect any other term or provision of the Contract or invalidate or render unenforceable such term or provision in any other jurisdiction.

24. Assignment. Buyer will not assign any of its rights or delegate any of its obligations under a Contract without the prior written consent of Seller. Any purported assignment or delegation in violation of this Section is null and void. No assignment or delegation relieves Buyer of any of its obligations under a Contract.

25. Independent Contractors. The relationship between the parties is that of independent contractors. Nothing contained in any Contract will be construed as creating any agency, partnership, joint venture or other form of joint enterprise, employment or fiduciary relationship between the parties, and neither party will have authority to contract for or bind the other party in any manner whatsoever.

26. Entire Agreement. Each Contract is the entire agreement of the parties with respect to the subject matter thereof and will supersede all prior or contemporaneous understandings or agreements between the parties, written or oral, regarding the subject matter thereof.

27. Waiver. No waiver or amendment of any of the provisions of a Contract is effective unless explicitly set forth in writing and signed by the party against whom such waiver or amendment is sought to be enforced. No failure to exercise, or delay in exercising, any right, remedy, power or privilege arising from a Contract operates, or may be construed, as a waiver thereof. No single or partial exercise of any right, remedy, power or privilege hereunder precludes any other or further exercise thereof or the exercise of any other right, remedy, power or privilege.

28. Notices. All notices, requests, consents, claims, demands, waivers and other communications hereunder (each, a "Notice") will be in writing and addressed to the parties at such address that may be designated by the receiving party in writing. All Notices will be delivered by personal delivery, nationally recognized overnight courier (with all fees prepaid) or certified or registered mail (return receipt requested, postage prepaid). Each Notice is effective upon receipt.

29. Further Assurances. Each party shall, upon the reasonable request and at the sole cost and expense of the other party with respect to any reasonable out-of-pocket costs incurred, promptly execute such documents and perform such acts as may be necessary to give full effect to the terms of a Contract.

30. No Third-Party Beneficiaries. JOBST® Custom-made Garments Use of Measurements / Return Policy / Warranty Periods

This document has been designed to clearly address the Use and Ownership of patients' measurements, Return Policy and Procedure, and Manufacturing and Warranty periods for all JOBST® brands of custom-made compression garments.

Return Policy

JOBST® Elvarex®, JOBST® Elvarex® Soft, JOBST® Elvarex® Plus, JOBST® Confidence, JOBST® Custom Seamless Soft, and JOBST® Bellavar® garments must be returned for replacement due to manufacturing defect or material flaws. In addition, **two free of charge replacements will be allotted within 45 days of confirmed delivery of parcel carrier** for reasons other than manufacturing or material flaws, such as adjustments to measurements, any changes to options or styles, and changes in compression. If the remake incurs a cost different than the original order, the remake will be rebilled and a credit given on the original garment(s) ordered. This applies to the first and second replacements of the initial order only. For each additional replacement (above two replacements or more than 45 days from the delivery of the original garment) requesting changes to the garment, a full price fee will apply. It is only required to return a garment if there is a defect, complaint, or problem that has been alleged. If defects are not being alleged in the product and the return is being made based on other factors, it may not be necessary to return the garment back. If the patient wishes to return the garment due to manufacturing or material flaws or for other reasons, such as fit or comfort concerns, and does not wish to have the garment remade, the garment may be returned within 45 days of original confirmed delivery of the garment for a half price credit. Credit shall be issued upon receipt of the garment. BSN Medical Inc. reserves the right to amend this policy as it deems appropriate and at any time.

JOBST® Custom Seamed, JOBST® FarrowWrap®, and JOBST® Relax garments must be returned for replacement due to manufacturing defect or material flaws. In addition, **one free of charge replacement will be allotted within 45 days of confirmation delivery of parcel carrier** for reasons other than manufacturing or material flaws such as adjustments to measurements, any changes to options or styles, and changes in compression. This applies to the first replacement of the initial order only. For each additional replacement (above one replacement or more than 45 days from the delivery of the original garment) requesting changes to the garment, a full price fee will apply. It is only required to return a garment if there is a defect, complaint, or problem that has been alleged. If defects are not being alleged in the product and the return is being made based on other factors, then it may not be necessary to return the garment. BSN Medical Inc. reserves the right to amend this policy as it deems appropriate and at any time.

Manufacturing Warranty Policy

JOBST® Custom Seamed products have a **three-month manufacturing defect warranty**. If a manufacturing defect is present, and BSN Medical Inc. reserves the right to insist on a full evaluation of the garment to confirm that a defect is present before replacing the product or issuing credit for the initial purchase. JOBST® Elvarex®, JOBST® Elvarex® Soft, JOBST® Confidence, JOBST® Custom Seamless Soft, JOBST® Bellavar®, JOBST® FarrowWrap®, and JOBST® Relax products, have a **six-month manufacturing defect warranty**. If a manufacturing defect is present, BSN Medical Inc. reserves the right to insist on a full evaluation of the garment to confirm that a defect is present before replacing the product or issuing credit for the initial purchase.

This warranty for all JOBST® custom products does not cover the garments for normal "wear and tear", abnormal care and use, where it can be shown that donning instructions have not been followed correctly, or when there has been an error in completing the appropriate order form(s). BSN Medical Inc. will not offer full credit for custom compression garments that are returned, however, if a JOBST® garment should be returned for another JOBST® brand of custom-made garments, then a credit will be considered for the original garment amount when the order for the new brand selection is processed.

A Return Authorization is required for all custom compression returns.

No credit will be given for orders that are returned outside of the manufacturing warranty period.

JOBST® CUSTOM TERMS & CONDITIONS CONTINUED
